

'Indigo Imaging Supplies' Widens Its Range of Cartridge Clips:

Indigo Imaging Supplies has extended its range of cartridge holders / clips. The new cartridge holders are designed for more easy storage of cartridges. The silicon seal used in these cartridge holders are of high quality. It prevents ink leakage and damage to electrical plates. This increases the shelf life/storage life of the cartridge. Using cartridge clip prevents drying of ink on the nozzle surface plate.

The cartridge holders are designed for Black Ink Cartridges nos HP21/27/56/100/702/**818B**/850/852/**900B**/910B/Samsung M40
For Colour Ink Cartridges, the Cartridge Holders are for HP22/28/57/97/110/**818C**/854/855/857/**861/900C**/910C.
For Photo Ink cartridges, Cartridge Holders are for HP58/ 100 B.

The new range also includes cartridge holders for
